

Speaker Microphones

Impact

Impact speaker microphones offer a variety of rugged designs built for a vast range of applications from demanding heavy duty use to professional light duty use. Impact's suite of speaker microphones include

IP rated waterproof and noise suppression options and are available for the majority of new and discontinued portable 2-way radios.

All our speaker microphones feature:

- High grade components optimized for digital use and provide crystal clear audio
- Heavy duty cable and strain reliefs for maximum flexibility and durability
- Ergonomic, responsive push-to-talk (PTT) switches for ease of operation
- High-impact resistant polycarbonate casing

PRSM-HD2-NC

The highly popular Impact HD2-NC speaker microphone is built for tough and demanding applications including construction, industrial and manufacturing.

- Shock, wind, dust and splash resistant
- Kevlar™ reinforced heavy duty coil cable and strain relief
- High quality noise suppression microphone
- Heavy duty removable clothing clip with 360° rotation
- 3.5mm audio accessory jack

PRSM-HD3

The top selling Impact HD3 speaker microphone is built super tough to withstand heavy use in demanding environments. Available in IP54 or fully waterproof IP67 options. The HD3 is the ultimate OEM alternative at great savings!

- Environmental PU cable with Kevlar™ re-enforcement
- High quality components for superior audio
- Available in standard IP54 (PRSM-HD3) and fully waterproof, IP67 (PRSM-HD3-WP) versions
- 3.5mm audio accessory jack

PRSM-HD6-WP

Impact's HD6-WP is built to exceed the standards of much higher priced models and comes standard with IP67 waterproof rating.

- Heavy duty anchored Kevlar™ coil cable
- Waterproof IP67 rated
- High / low push volume button
- "Push-Anywhere" multi contact military style PTT
- Robust 360° clothing clip
- 3.5mm audio accessory jack

PRSM-HD7-WP

The Impact HD7-WP speaker microphone is specifically designed to withstand the demanding needs of public safety applications.

- Heavy duty anchored Kevlar™ coil cable
- Waterproof IP67 rated
- High/low volume toggle switch
- Large push-to-talk switch operable with gloves
- Fully sealed 3.5mm audio accessory jack

Optional Features (available for select radio models):

- Emergency button
- 2.5mm audio accessory jack

PRSM-HD8-WP

Impact HD8-WP is our military grade speaker microphone. The HD8-WP combines the high-quality waterproof functionality with noise suppression technology into a single microphone for the ultimate heavy-duty speaker microphone for the most demanding environments.

- Heavy duty anchored Kevlar™ coil cable
- Waterproof IP67 rated
- High/low volume toggle switch

- RoHS Compliant
- 3.5mm audio accessory jack

GRSM-HD1

The Impact HD1 is a medium duty design for the professional user who needs a tough mic at a great price!

- Strong TPU coil cable
- Splash proof
- Shock, drop, dust and vibration tested
- Large, easy-to-use push-to-talk (PTT)
- 3.5mm audio accessory jack

SRSM-MD1

Our basic speaker microphone at a killer price. The Silver Series MD1 is a light duty, small form fit shoulder microphone with 360° swivel clothing clip.

- Small form fit
- Compact, low profile microphone head for discrete applications
- 360° swivel clothing clip
- 3.5mm audio accessory jack
